

Wowza wows European Streaming Media Readers

Written by Marco Attard
21. 10. 2010

Wowza Media Server 2 wins 2 European Readers' Choice Awards from Streaming Media magazine.

It gets best streaming server software/hardware for the 3rd time running, and best innovation for the 2nd time running.

Streaming Media magazine says the 2010 awards are a real who's-who of the online media industry. More than 3400 European voters cast more than 12700 votes.

Wowza Media Server simultaneously streams H.264/AAC/MP3 audio/video from a single encode to users on any screen - desktops, mobile devices and TV sets. It is deployed by over 50000 licensees in 60 countries.
