

Hmmm, the Harley-Davidson Dyna Super Glide custom motorcycle. Now that's a sweet ride.

**Peerless-AV** is running an InfoComm promotion: "Stop by an American Classic to Win an American Classic."

You have to register to win at their booth. So I guess we'll see you at Booth 1529 in Orlando... (Oops, now I've just hurt my own chances of driving away on a Harley.)

So what would you do if you won? Ship it back, sell it, or head for Route 66?

While Route 66, all 2200 miles of this biker-friendly trip into rock and roll history, is on just about everybody's bucket list, closer would be Hwy 1, Florida. That's 100 miles from Key Largo to Key West.

Put on your suntan lotion and cruise narrow roads (really a chain made of bridges) atop a living reef in the turquoise Straits of Florida (between the Atlantic and the Gulf of Mexico).
