Audio and video distribution and control solution maker WyreStorm signs two new distribution partners-- the Belgian Alelek Group and Lyon-based Sidev Display Systems.

Alelek represents WyreStorm in both Belgium and Luxembourg from March 2014. It is a KNX home and building technology distributor, and its product portfolio includes audio/video, security, heating/cooling and energy management.

The distributor has 5 branches in Belgium as well as a KNX Experience Centre in Antwerp.

Meanwhile Sidev Display Systems will take care of WyreStorm distribution in France, and has 20 years of experience as specialist audio-visual wholesaler.
